Challenger EV1220 Heavy-Duty Inground Lift

12K Heavy-Duty Inground Lift

12,000 LBS. CAPACITY

Contact for Pricing

Challenger's electric hydraulic cassette-style 12,000 lb. capacity inground lift meets the demands of professional service facilities. With a smaller footprint, your shop can maximize service bays. The EV1220 comes standard with true 3-stage front and rear arms, which have the ability to lift a larger range of heavier vehicles. We've also added our time-tested productivity tools, including Quick Cycle Technology and Bench Mount Controls to boost your efficiency.

FEATURES

- 12,000 lb. lift capacity
- 3-stage front and 3-stage rear arms provide access to the lift points of a wide range of cars and trucks within the service bay, maximizing revenue potential
- Long bearing contact provides increased stability
